SOLO - REP

Energy Real Estate: **Mining, Oil & Gas Projects**

Solo Rep's Energy Real Estate Division: direct access to owners and exploration companies ready to sell their projects or bring in equity partners.

SoLo Representaciones
Comerciales

Global industrial brands, *represented across LATAM*

Solo Rep operates through several divisions: industrial brand representation for Mining, Oil & Gas, Water Treatment, Chemicals and Plastics, and our Energy Real Estate Division. Based in Argentina and Chile, with a network across LATAM.

BRANDS WE REPRESENT

Bardex**Duraflex****Hi-Tech Membranes****Acquanova****Western Carbon & Chemicals****Somochem****Rodanco B.V.**

Our Energy Real Estate Division

Mining, Oil & Gas. Part of Solo Rep, alongside our industrial brand representation divisions.

We have direct contact with project owners and exploration companies willing to sell their mining projects or bring in equity partners. Projects span every mining region of Argentina and Chile, in any commodity.

Project sale

Outright acquisition of claims and projects, negotiated directly with the owners.

Equity partner

Capital entry, joint venture or farm-in with exploration companies.

How we work

Four steps from first contact to a negotiated deal.

01

Origination

Direct sourcing from owners and exploration companies across Argentina and Chile.

02

Technical screening

Deposit type, district, grades, size potential and logistics.

03

Legal & permitting

Review of title, permits and documentation risk.

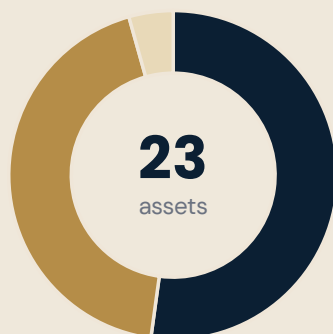

04

Transaction

Sale, JV, farm-in or equity entry, negotiated directly.

Our current portfolio *at a glance*

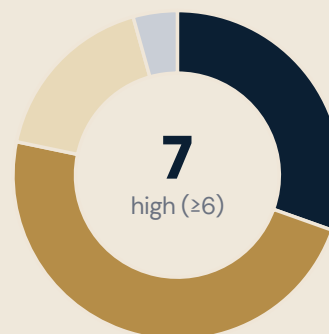

BY COUNTRY

- Argentina 12
- Chile 10
- Brazil 1

BY MAIN COMMODITY

- Copper-led 9
- Gold-silver 7
- Lithium / salars 3
- Iron ore 2
- Uranium 1
- Oil & gas 1

BY POTENTIAL SCORE (1-10)

- High ≥6 7
- Medium 4-5.9 11
- Early / low <4 4
- Not scored (oil & gas) 1

KEY TAKEAWAYS

- Stages range from defined resources (Indicated + Inferred, JORC) and advanced exploration to drill-ready prospects and small-scale producers.
- Top assets include a large porphyry Cu-Au-Mo with defined resources and a large IOCG next to a major deposit.
- Several assets belong to listed companies: access via equity or a negotiated sale.
- Every opportunity comes with a validation program and due diligence before promotion.

Source: Solo Rep internal index, 13 Oct 2026. Scores are Solo Rep's opinion based on available documentation; not due diligence or valuation.

Who we are

A multidisciplinary team with direct relationships with owners, exploration companies and investors in Argentina and Chile.
